

By Order of the Fire Chief

Effective June 15, 2008

Recreational Fires / Campfires / Warming Fires will be prohibited within the boundaries of the Peninsula Fire Protection District between June 15, 2008 thru the end of declared fire season, as set forth by Cal Fire, and normal backyard burning is again allowed.

By definition, this includes **ALL** forms of open fire from fire pits, campfire rings and any commercially available fire devices that allow wood to be burned as the fuel, even if the fire is totally screened in. This does not prohibit barbecues or other portable cooking devices as long as wood is not the primary fuel for said devices.

Uniform Fire Code: Article 11, Section 1102.4.5.

Gary Pini
Fire Chief
